

Specifications

Sanitary Ball Valve - Series BS30

Size Range

1/4 - 4" (8 - 100mm)

Temperature Range

-40°C to +200°C (-40°F to +400°F)

Pressure Ratings

1000 PSI WOG

Shutoff Rating

ASME Class VI

Body Style

Three Piece

Ports

Full Port

End Connections

Quick Clamp, Extended Tube End, SAE Male

Actuator

Lever, Pneumatic and Electric Actuator

Body Materials

Stainless Steel

Stem Materials

Stainless Steel

Seat Materials

Standard: PTFE
Optional: TFM 1600, UHMWPE, Cavity Fillers

Ball Materials

Stainless Steel

Design Standard

ASME BPEa

Testing Standard

MSS SP 61

Face to Face

KASTO Internal Standard

Applications

High Purity, Semi Conductor, Food & Beverage
