

Specifications

PTFE Lined Butterfly Valve - Series DL12

Size Range

1.5~24" (40~600mm)

Temperature Range

0°F to 392°F (-18°C to 200°C)

Pressure Ratings

150 psi (10 Bar)
250 psi (16 Bar)

Shutoff Rating

Bidirectional Bubble-tight

Body Style

Wafer, Lug, Double Flanged

Flange Drilling

ASME B16.1 Class 125, ASME B16.5 Class 150, EN 1092 PN10, PN16

Certifications

ABS, Bureau Veritas, CE/PED, DNV, SIL

Applications

Highly Corrosive, Toxic Media, Acids, Ultra Pure Water

Body Materials

Ductile Iron, Carbon Steel, Stainless Steel

Stem Materials

17-4 PH Stainless Steel

Seat Materials

PTFE, Conductive PTFE, PFA, UHMWPE

Disc Materials

Stainless Steel, PTFE/SS, PFA/SS, UHMWPE/SS, UHMWPE/DI, Titanium

Design Standard

MSS SP-67, API 609, Category A

Testing Standard

MSS SP-61, API 598, EN 12266-1

Face to Face

MSS SP-67, API 609 Category A, EN 558 Series 20
